

## **Speedwatch results from The Methodist Chapel site 11<sup>th</sup> May to 14<sup>th</sup> July 2021**

17 one hour Speedwatch sessions were carried out at the Chapel on the A386 over this period. The speed limit in this area is 30mph. Vehicles travelling at 35mph or greater are reported to the police via the Community Speedwatch Website.

The times of the hourly sessions were spread throughout the day with the earliest being from 7 to 8am and the latest 6 to 7pm.

The total number of vehicles varied quite widely from session to session even when the different sessions were at the same time of day. Similarly, the number and percentage of speeding vehicles varied.

The top speed of a vehicle travelling in the 30mph zone during these 17 sessions was 64mph.

17 sessions form quite a small data set and no firm conclusions can be drawn from the results at present. Clearer trends may emerge as we do more sessions. At present, we can't say for certain if speeding is more prevalent at particular times of day or on particular days of the week, although early mornings seem to have more people speeding. 3 sets of results are shown below:

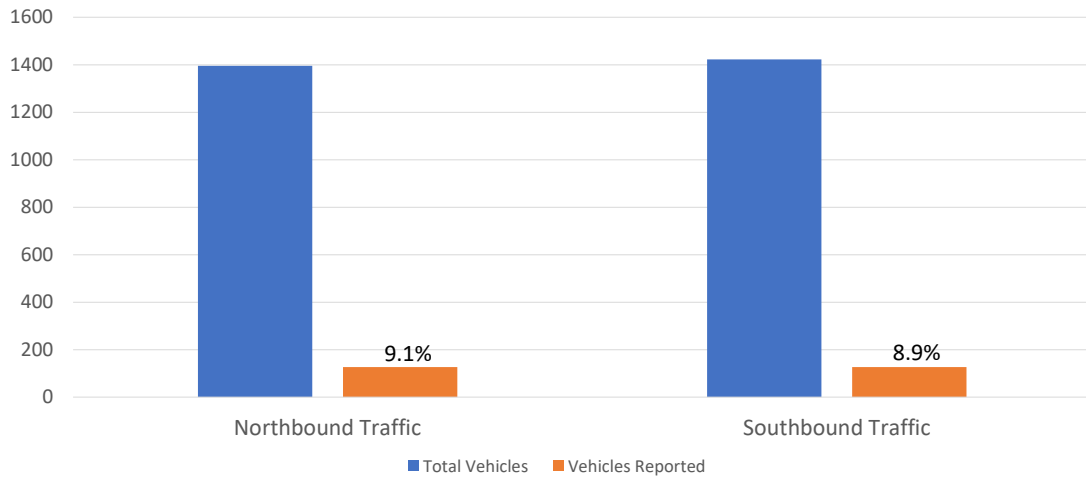

- The total number of vehicles recorded travelling northbound and southbound over the 17 sessions along with the number and percentage of drivers reported for travelling over the 34mph threshold
- The same data for the 6 hourly sessions carried out between 7am and 9am
- The same data for the 4 hourly sessions carried out between 5pm and 7pm.

We now operate at a Speedwatch site in the 40mph zone on the A386 towards the north end of the village. Currently we do not have a sufficient number of sessions to make a first report on speeds in this area.

The aim is to give an update of the Speedwatch results every 6 -12 weeks, depending on the number of sessions carried out in the period.

## Speedwatch Results: The Chapel 11<sup>th</sup> May – 14<sup>th</sup> July

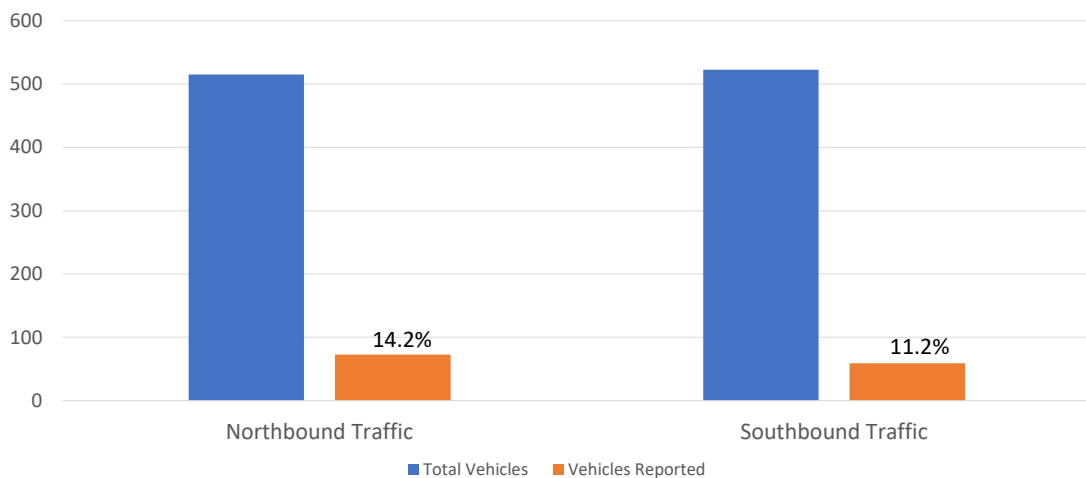

### All sessions (17 sessions)

Speed Limit at Chapel is 30 mph. Vehicles reported are travelling at 35mph or greater

## Speedwatch Results: The Chapel 11<sup>th</sup> May – 14<sup>th</sup> July
